January 2023

MONTHLY NEWSLETTER

Vol 1 Issue 1

## What's In This Month's Issue:

- Classroom Activities
- Important Dates & Events

## IT'S SCIENCE FAIR SEASON

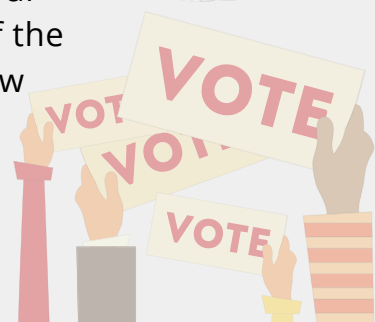

*Written by Ms. Smoot*

It's that time of the year again and students are already suggesting topics that they want to explore! The science department is ready to assist the students and get them to their desired goals. Teachers, thank you in advance for the help with supplies, encouragement, and dedication to student needs. We will all be impressed with their full creativity on display as they demonstrate **"How Science Works"** through hypothesis questioning, testing ideas, data collection, analysis, and of course reporting to an audience! Science is FUN, FUN, FUN!

## ANCIENT GREECE ANYONE?

*Written by Mr. Owens*

Our NFEI Eagles 10th graders are learning about Ancient Greece. Our 11th graders are learning about Launching a New Nation after the American revolution. Our 12th graders kicked off the New Year with their new course in American government.

## EXERCISE MATTERS

*Written by Coach Pendarvis*

This upcoming quarter your eagles will be flying high in PE class. Between basketball, football and knockout the kids stay active and busy. Whenever it rains you'll catch us inside playing a student-favorite game called Mafia. Looking forward to another fun quarter and staying fit! Go Eagles!

## FINANCIAL LITERACY

*Written by Dr. Williamson*

January is **"Goal Setting Month!"** As such our NFEI students will learn the importance of setting realistic goals. When we set goals, we make a commitment to what we hope to accomplish. Whether our ultimate goal is to complete a history project on time, to improve our grades in Spanish, or to build a business that changes the world, goal setting establishes our intention, and it is the first serious step towards success. High school is the perfect time to start practicing goal setting and we look forward to helping our students set and accomplish their goals.

## ENGLISH LANGUAGE ARTS

*Written by Mr. Smith*

For the month of January, ELA will do the following:

- ***We will write a persuasive essay***
- ***We will complete an essay map which supplements the persuasive essay***
- ***We will write a reflection paper on the life of Dr. Martin L. King Jr.***

We will also start to plan the series of events we intend to produce/showcase for Black History Month.

- 2/24 EARLY RELEASE

## BLACK HISTORY MONTH

*Written by Ms. Thompson*

With the New Year rolling in and Black History Month quickly approaching Ms. Thompson's class will be using this as a chance to work on optimism, goal setting as well as focusing on the contributions African Americans have made to society. On our first week back we will be creating one collective Vision Board for the classroom where we will set one major goal for each student and then each week we will be tracking progress on what we have done to accomplish that. The students are super excited about their set goals and even began choosing their public figure that they may or may not be impersonating during our Black History Month program.
